CAREER OPPORTUNITIES

The CBIS Department has four Career Certificate programs and several Completion Certificate programs for students interested in working in the computer industry. Track 1 is intended for those students interested in working as help desk technicians assisting end-users resolve software and hardware problems. Track 2 is intended for students interested in developing computer application software in business and industry as an entry-level computer programmer on PCs, mid-range or larger sized computers. Track 3 is intended for students interested in a solid foundation of programming and software engineering skills for use in Computer Science. Track 4 is intended for students who want to know how networking is going to affect their work life, and want to understand what this technology is all about, or are trying to find out if a network would help their organization. It will also prepare students for MS Windows Certification. The CBIS department offers several Certificates of Accomplishment, many of which are also designed to prepare the student to pass industry certification exams.

The Certificates of Achievement will prepare students for an entry-level position in a variety of business settings:

- Track 1 - Microcomputer Help-Desk Technician: PC Support Specialist, Software Support
- Track 2 - Programmer – Java, C++, Visual BASIC, Oracle, Desktop Support
- Track 3 - Programmer – Computer Science
- Track 4 - Networking - System Administrators or Networking Support

The Certificates of Accomplishment offered are:

- 1) Application Developer
- 2) Information Security
- 3) Java Web Programmer
- 4) Microsoft Windows Systems Administration
- 5) Oracle Developer Associate
- 6) Oracle Developer Professional
- 7) Oracle Database Administrator (DBA) Associate
- 8) Web Construction
- 9) Windows Network Administrator
- 10) Computer Tech A+ Preparation

The Associate Degree will prepare students for transfer to the four-year college or university

DEPARTMENTAL ADMISSION REQUIREMENTS

None. For more departmental information email: cbis@lbcc.edu or see cbis.lbcc.edu web site or call (562) 938-4479.

Track 1- Microcomputer Help-Desk Technician

Track 1 is intended for students interested in working as a help desk technician or in technical support of the PC systems.

REQUIRED COURSES FOR TRACK 1

	UNITS	In Progress	Completed Grade
CBIS 3 Operating Systems: Software and Hardware (F, SP)	3.5		
CBIS 6A Intro to IT Concepts & Applications (F, SP, S)	4		
CBIS 6B Intermediate Business Applications (F, SP, S)	3

LEGEND

† This course has a prerequisite; prerequisite courses must be completed with at least a "C" or "CR" grade (see catalog or schedule of classes).

(SP = Spring) (S = Summer) (F = Fall) (INF = Infrequently) = Represents general frequency of course offering

GRADUATION REQUIREMENTS

For CERTIFICATE OF ACHIEVEMENT:

This certificate is a one- to two-year program to develop skills for employment. Complete the required units with a minimum grade of "C" in each course. At least 50 percent of the unit requirements for the Certificate of Achievement must be completed at Long Beach City College (credit earned by exam, where applicable, may be included). Submit a completed application for the certificate in the Admissions and Records office during the final semester of course work.

For ASSOCIATE DEGREE:

The Associate degree is a two-year college degree awarded by Long Beach City College that includes general education courses and a field of concentration (major). In addition to the Certificate of Achievement requirements, complete the Associate degree requirements specified in the catalog. You must use the requirements for general education/proficiency and the career certificate from the same catalog year. This catalog year may be any year between the year of initial enrollment to the present, provided continuous enrollment is maintained throughout (see the catalog for definition of "continuous enrollment"). At least 50 percent of the unit requirements for this field of concentration must be completed at Long Beach City College (credit earned by exam, where applicable, may be included).

In general, "double-counting" is not allowed. That is, one course may not be used to fulfill both a field of concentration requirement and a general education requirement.

SUGGESTED SEQUENCE OF COURSES

This is not an educational plan, as course offerings, student schedules, and circumstances vary. Students must meet all the prerequisites in order to be eligible for the sequence of courses.

CERTIFICATE OF ACCOMPLISHMENT REQUIREMENTS

For **CERTIFICATE OF ACCOMPLISHMENT**: This certificate certifies a competency in a given area and requires less than 18 units. Complete the required units with a minimum grade of "C" in each class. Fifty percent (50%) or more of the unit requirements for this field of concentration must be completed in residence. Submit a completed application for the certificate in the Admissions and Records Office during the final semester of course work.

Students interested in transferring to a university to continue their study in this field of concentration or other majors are strongly advised to consult an LBCC academic counselor and refer to the ASSIST website (www.assist.org) for major preparation information. Counselors can clarify the different major and admissions requirements at a university. Students may visit the Student Success/Transfer Services Center to access further educational resources. To set up an appointment to see a counselor or schedule the SOAR Test, call LAC (562) 938-4561 or PCC (562) 938-3920.
